

VHG thank you speech for winning the Green Award 2021

Beautiful green projects from the different country's.
The projects tell us how important green is for survival in the future in cities and this planet.
Thank you ELCA for sharing knowledge and information of green for the member associations, the members of Committee of Firms. Also your efforts for the lobby of living green by the political decision makers and stakeholders. The work for the education on the EU and the ELCA Exchange program for students, workers, teachers and company owners with great impact.

Thank you very much for this ELCA Green Award for The Netherlands, Brouwers Groenaanemers, a member of the Dutch association VHG.

Thank you very much!
